Ferrero Rocher Christmas Decoration – step by step

1. Download & print the template below. Alternatively sketch something similar, of your own design. Note: The base on the template where the dotted lines & 2 small squares are, is required to hold the Ferrero Rocher products.
2. Cut out the shape of the decoration. Score and fold along the base of the decoration.
3. Write a festive message or guest name with the marker pen.
4. Punch a hole at the top if you are going to hang the decoration.
5. Thread ribbon through the hole if hanging, or tie ribbon around the top, if decorating your table.
6. Insert a Ferrero Rocher, a Rondnoir or a Raffaello.
