### STEP-BY-STEP TUTORIAL

#### Festive Place Cards

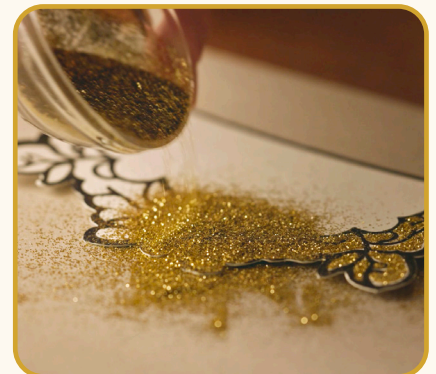

Print the templates of the last page.

Cut out the templates and draw over the borders using the marker pen.

Use the paintbrush to apply a small amount of glue to the white spaces between the borders.

Pour glitter onto the glue areas and shake gently to remove any excess glitter.

Leave to dry and then write each guest's name in the centre.

Cut out a strip of white card and fold it in three to make a triangle.

Glue the triangle to the back of the place card to make a stand.

With the white paper cardboard cut a small linear cut out.
