STEP-BY-STEP TUTORIAL

Laying the table

Assemble the three sizes of plates on top of each other for each place setting, starting with the biggest.

Place a knife on the right-hand side of the plates, blade facing in, for each place setting.

Place a fork on the left and a spoon across the top for each place setting.

If you're using multiple knives and forks, position them in order of use, from the outside in.

Place a glass at the upper right-hand corner of each place setting.

Roll up each napkin and tie each one with a bow. Place each one at the right-side of the outermost knife.

Fill the glass objects with strings of fairy lights and white pearls.

Put a Ferrero Rocher bouquet on top of each plate.
